for the PIAS Credit Union
VISA Check Card!*

VISA Check Card is NOT a credit card. **It's an ATM/Debit card in one**...and you may think of it as a handy, convenient, recyclable check! It gives you ready access to your PIAS CU share draft (checking) account when used at any institution that honors VISA or any ATM on the PULSE network!

Instant Clout and Fast Service! Unlike checks, no further I.D. is required with the VISA Check Card. After the clerk, waiter or salesperson gets an authorization for the amount of your purchase, you'll simply sign the receipt and keep the "customer copy." If the merchant has a PIN (personal identification number) pad at the point-of-sale terminal, you may be asked to enter yours to complete the transaction. You can even get "**cash back**" when you make retail purchases at participating restaurants, grocery stores and gas stations...**without paying a surcharge!**

Automatic Recording of Transactions!

Your monthly credit union checking statement will list every VISA Check Card transaction, including the name of the merchant, date and amount of purchase. (NOTE: Don't forget to record transactions in your check register, then verify them with your monthly statement.)

ATM Access! Your VISA Check Card doubles as an ATM card. You can use it to withdraw cash at any ATM that has the PULSE signage (you may be subject to a surcharge).

AND REMEMBER:

Check cards save trees...
and you save money
because you write
fewer checks!

When you use your PIAS
CU VISA Check Card at any
"foreign" (non-PIAS CU)
ATM, your account will be
charged \$1.00 per
withdrawal by us.

Cancellation: The card is the property of PIAS CU and can be cancelled at any time to end your privileges. Also, the closing of your designated checking account will automatically terminate your card privileges. (Note: Accounts cannot be closed until all transactions have been posted.) If your card is cancelled, please cut it in half for safety and return it to PIAS CU immediately.
